FAQs

NOTICE OF HEARING TO AMEND LAKE LEVEL ORDER FOR DOC AND TOM LAKE

Why am I receiving this notice?

You are receiving this notice because you may own lands within the proposed Lake Level Special Assessment District for Doc and Tom Lake.

What is a legally established lake level?

Part 307 of the Michigan Natural Resources and Environmental Protection Act allows circuit courts to establish lake levels for inland lakes to, among other things, benefit property owners and preserve Michigan's natural resources. Doc and Tom Lake has a court ordered lake level under Part 307.

What is a special assessment district?

A special assessment district is an area of land designated to receive special assessments for a particular benefit received from certain public projects, like lake levels.

Will this impact the level of Doc and Tom Lake?

No. The intent of the amendment to the lake level order for Doc and Tom Lake is to ensure that the lake level in the order matches the actual level of the lake.

Why is the lake level order being revised?

The Drain Commissioner conducted a comprehensive review of all of the historical lake level orders in Clare County and found that many require revisions to be consistent with state law to ensure that the court orders specify correct lake level elevations and correctly

establish special assessment districts for lake level improvements, among other things. The proposed amendments to Doc and Tom Lake's lake level order would: (1) ensure the ordered level matches the physical historically-maintained level of the lake; and (2) include a map of the lake's special assessment district.

When will I receive my lake level assessment?

Lake level assessments may be included on your Summer or Winter tax bill, and are only levied when costs are incurred related to lake level activities.

Does this court hearing impose special assessments?

No. Any lake level assessments must be considered at a separate public hearing and meeting process (that requires separate mailing notice to property owners).

Do I have to attend the circuit court hearing?

You are not required to attend the hearing at the Clare County Circuit Court; however, it is your right to do so. You may present testimony and evidence to the Court regarding the Doc and Tom Lake lake level.

How can I get more information?

Please call our lake level call-in number at **989-460-8257**. We will be glad to answer any questions and all calls will be returned in the order in which they are received.
